**Enviro Management Company**  
Birmingham, Alabama 35210

**Job Opening: Wastewater Operator – Grade II or Higher**

**Job Description:**

Package plant operator needed. We're a contract operations company and this job requires an operator to drive to multiple locations every day and perform routine operations and maintenance duties. The operator will need to be able to troubleshoot small problems as they arise and have a good working knowledge of pump stations. Duties also include collecting compliance samples as well as performing field testing and QC testing.

You must have at least a Grade II Wastewater certificate, a good driving record, be responsible, and be able to communicate effectively with clients.

If you are interested in the job, please contact Dudley Dickerson at [EMCDudley@aol.com](mailto:EMCDudley@aol.com) or at 205-951-3400.
